Assessment Information

6. Assessment Method: [Explain how assessment for the measures associated with this SLO – not grading for the course as a whole was conducted.]

   This is the first semester this course is offered, so we have no assessment data at this time.

7. Findings: [What assessment data did each assessment method produce?]

8.
9. This is the first semester this course is offered, so we have no assessment data at this time.

10. How did you or will you use the findings for improvement: [What questions / issues/ concerns did your data raise for the faculty teaching the course? What discussion did the faculty have about the findings? What future actions to improve student attainment of this outcome will the department / program take as a result of this analysis?]

This is the first semester this course is offered, so we have no assessment data at this time.

11. Additional comments: [What else would you like the Committee to know about your assessment of this course or plans for the future?]

This is the first semester this course is offered, so we have no assessment data at this time.

12. Core Curriculum General Education Committee Comments:

Because the course is being offered for the first time in Fall 2011, no findings were presented. However, it would have been useful for the program to rearticulate the method it plans to use for gathering data during Fall 2011 and the relationship between that plan and the plan originally proposed. If any changes in plans have been made, what accounts for them? The report to be submitted in Fall 2012 should be much more detailed about findings and the uses of those findings to improve SLO attainment.
