   NA

   Attachment FileName:

5. Based on the comprehensive rubric for the appropriate SLO7, indicate the extent of competency of the average student who has completed this course:
   intermediate

6. Findings: (what add assessment data tell you about student proficiency in this outcome?)
   Approximately 92% of students are able to adequately translate course specific knowledge to applied aspects of the field.

7. How did you (or will you) use the findings for improvement? (What questions /issues/concerns did your data raise for the faculty teaching the course? What discussion did the faculty have about the findings? What future actions to improve student attainment of this outcome will the department / program take as a result of this
   Working with diverse (i.e. young children, diseased population, etc) participants was an area identified that needed improvement

8. Additional Comments: (What else would you like the Committee to know about your assessment of this course or plans for the future?)
   Physical Activity and Health and Fitness Conditioning and Performance data is presented.
