Revision Of Undergraduate And Graduate Programs

Format For Review By University Curriculum Committee (UCC) and Graduate Council.

1. Proposing College / School: College of Human Sciences
   Department: College of Human Sciences

2. Title of Affected Program: International Minor in Human Sciences (on/off campus option)

3. CIP Code of Affected Program:  
   (If applicable)

4. Proposed Implementation Date: Spring 2014

5. Justification:
   (Include a concise, yet adequate rationale for the revision of the program, citing accreditation, assessments (faculty, graduate, and/or external) where applicable.)

   First, many of the College of Human Science’s study abroad placement opportunities require more than 6 credit hours (90 contact hours). We are expanding the number of credit hours to 12 to better match student effort with credit hours earned. Second, because current elective courses are not offered each semester, it is sometimes difficult for students in the minor to enroll in one of the three courses listed in the current version of the minor. For this reason, we are expanding the list of elective courses that can be taken to include several other Human Sciences courses with an international focus that offer equal exposure to the concepts students need. Third, we are reducing the foreign language requirement to one foreign language course, rather than the two courses previously required. Students sometimes cannot register for foreign language courses due to limitations in class sizes and sections.

6. Current Degree Requirements (Including All Formal Options):
   (Provide the current curriculum model for the program, as well as for each formal option.)
